
STANDALONE DIGITAL CODELOCKS

800N, 810N & 900N SERIES STANDALONE CODELOCKS

800NS
900NS

800NF
900NF

Robust, reliable
and cost effective
self-contained
digital codelocks.

Surface and flush
options available.

The 800N, 810N and 900N series codelocks are self-contained digital codelocks that require no additional accessories for the installation (with the exception of a local PSU).

These units are robust and very reliable. They are available as surface (with rainshield) or flush units with the front keypad in stainless steel for the 800N and 900N series and silver or gold anodized aluminium finish for the 810N series.

The codelocks include: 1 relay output (C/NC/NO) with 1 push to exit input for the 810N series with the clear button doubling up as a call button to operate an extension sounder Art.512A; 2 relay outputs (C/NC/NO) with 2 push to exit inputs for the 800N and 900N series. Also as standard on all models is an illumination light to highlight the key buttons in dark environments.

Depending on the version of the code lock, the number of access codes that can be programmed range from: 1 code for the 810N series; 2 codes for the 800N series (1 code per relay) and 99 unique codes for the 900N series (each code can activate either of the relays or both). The codes can be 4-8 digits long and the relay outputs can be programmed from 1 up to 99 seconds or latch if required.

www.videxuk.com

Key Features Include:

- Easy to follow programming menus;
- Surface or flush options available;
- Adjustable timed relay outputs or latching option;
- 1 code/1 relay (810N), 2 codes/2 relays (800N) and 99 codes/2 relays (900N) codelock options.

Technical Specification:

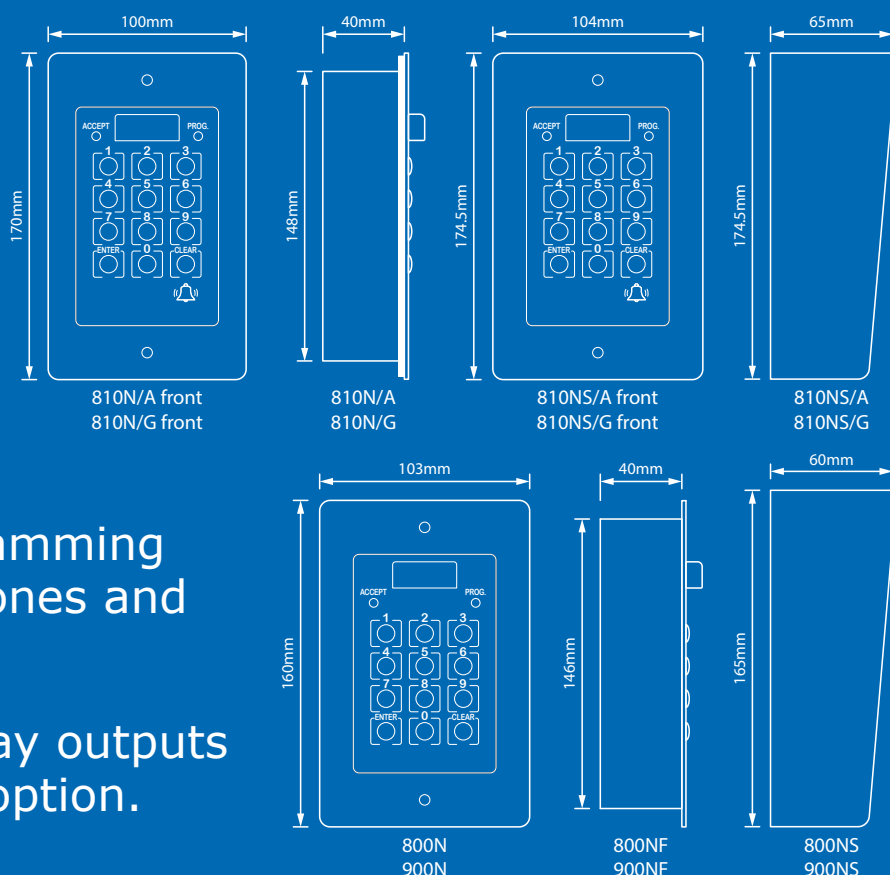

- Input Voltage: 12-24Vac/dc;
- Operating current: up to 60mA (max.);
- Relay Contacts: 24Vac/dc at 5A;
- Working Temperature: -10°C to +50°C.

810NS/A

Easy to follow programming menu with audible tones and visual indication.

Adjustable timed relay outputs including a latching option.

810N/G

Model	System	Description
800NF	N/A	Flush, 2 code + light codelock
800NS		Surface, 2 code + light codelock
810N/A		Flush aluminium, 1 code + light & call codelock
810NS/A		Surface aluminium, 1 code + light & call codelock
810N/G		Flush gold, 1 code + light & call codelock
810NS/G		Surface gold, 1 code + light & call codelock
900NF		Flush, 99 code + light codelock
900NS		Surface, 99 code + light codelock
